7 THINGS YOU SHOULD Never Say To A Child

WE SAY

THEY HEAR

INSTEAD SAY

Hurry up!

You aren't
important to me.

We leave in
10 minutes.

You're going to get
hurt!

The world is dangerous.
Don't try new things.

Be mindful and
take care of yourself.

Stop whining!
Stop being silly!

Don't feel or express
your emotions.

I can see that you are
having big feelings.

How many times do
I have to tell you?

You're a loser
and stupid.

Would you like my
help to understand?
Let's do it together.

What have you done?

You are an annoyance.

Accidents happen,
let's fix it together.

You're not doing it
the right way.

You are not capable.

Let me show you
another way to do it.

He can do it,
why can't you?

You're not as good
as others.

I love you just the
way you are.
